KEY TO BOOK

The BRANDS in this book have been classified and arranged, as far as possible, first, under LETTERS, second, under FIGURES, third, under FIGURES AND LETTERS, and fourth, under CHARACTERS.

CHARACTERS are arranged in alphabetical order, according to the character, symbol or object they are supposed to represent, commencing with ACE OF CLUBS, and including ANCHORS, BARS, CROSSES, CRESCENTS, CIRCLES, DIAMONDS, DOLLAR MARK, FORKS, HATS, HOOKS, HORSESHOES, LADDERS, SQUARES, SHIELDS, STARS, TRIANGLES and MISCELLANEOUS.

The O's and circles have been placed together with the letter O. The figure 1 will be found under the letter I as 1, 10, 11, 12, 13, 100, 150, 199.

No account has been taken of rafters, quarter circles, crosses, hearts, diamonds, boxes, and triangles or other symbols in classifying when used in connection with letters, figures or characters.

In looking up brands, bear in mind that local names are not always general names. For instance,  is called cross Z by many, but the general name "swastika" is more widely known, hence it will be found among the characters. A may be called A V or A N. It is well, therefore, when looking for a brand to search under the various places under which you think it could be classified.
